

# Saughtonhall United Reformed Church

## Community Advent Trail

Would you like to be part of the  
Saughtonhall Community Advent Trail?

We need 23 houses within the vicinity of the Church.  
Each house will be allocated a number and asked to decorate a window that features this number. This should be done on the corresponding day in December and kept in place until Epiphany. Number 24 will be the Church itself.

Maps will be distributed round the community and people will be encouraged to go out and about spotting and ticking off the numbers through Advent as they appear. There is no need to do anything more than decorate and display a number.

If you would like to be part of this let Val know if :-

You can offer a decorated window;  
can offer a window but need help decorating it or  
can't offer a window but are willing to decorate someone else's.

This is a first step in our replant programme.
